COMPANY PROFILE

KHATEEM INTERNATIONAL

About Us

Established in 2006, **KHATEEM INTERNATIONAL** is a trusted manufacturer and global supplier of high-quality surgical instruments. With nearly two decades of experience, we have earned a solid reputation for precision, durability, and innovation in the healthcare industry. Based in Sialkot , Pakistan our facilities combine state of the art technology with skilled craftsmanship to deliver instruments that meet the most rigorous international standards.

Our Mission

To enhance surgical outcomes by providing healthcare professionals with reliable, safe, and superior-quality surgical instruments, backed by consistent innovation and customer-centric service.

Our Vision

To be recognized as a global leader in surgical instrument manufacturing by driving excellence, innovation, and ethical business practices.

What We Offer

We specialize in the design, Best Quality manufacture, and export of:
General Surgical Instruments
Orthopedic Instruments
Opthalmic Instruments
Plastic Surgery Instruments
Dental Instruments
ENT Instruments
Gynecology Instruments
Cardiovascular Instruments
Neurosurgery Instruments
Custom-designed Instruments, OEM available and all sizes are available.
All products are manufactured using premium-grade stainless steel and undergo strict quality control processes to ensure accuracy and performance.

Quality Assurance

We are committed to quality and compliance. Our manufacturing processes are certified under ISO 9001,ISO 13485 CE Mark, Standards. Every instrument is meticulously inspected and tested for functionality, durability, and safety.

Global Reach

Over the years, we have established long-term partnerships with hospitals, surgical centers, distributors, and OEM clients across North America, Europe, the Middle East, and Asia. Our ability to deliver customized solutions and on time delivery has made us a preferred partner worldwide.

Why Choose Us?

Over 20 years of industry experience Precision-engineered instruments ISO 9001, ISO 13485, CE, a certified. Competitive pricing with no compromise on quality. Customer first approach. Fast turnaround and reliable global shipping All products will be rust free guaranteed and if any damaged during shipping we will change 100% free at your door step.

Sustainability & Ethics

We operate responsibly, ensuring ethical labor practices, eco-conscious production, and sustainable sourcing of materials. Our team is dedicated to continual improvement in both social and environmental impact.

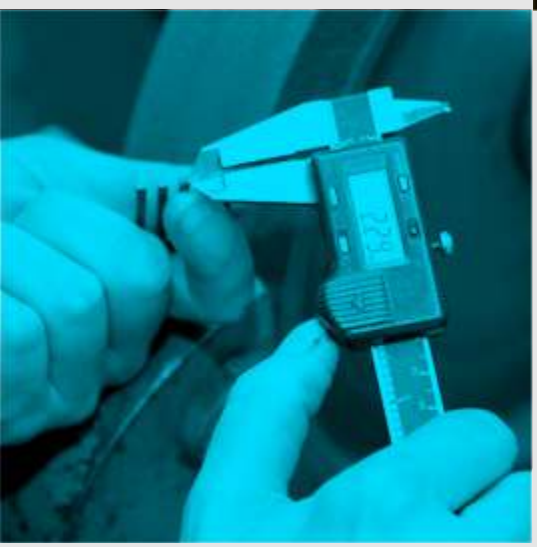
KHATEEM INTERNATIONAL



CORPORATE GOAL

To be the market leader in manufacturing world's finest Surgical & Dental Instruments, at the most competitive prices.

Never compromise on Quality!

During the initial years of our formation, we worked hard to precisely understand the requirements of our respected customers, which has gradually improved over time. As our guiding philosophy, we put the concepts of "Customer First" and " Quality First" into practice, to respond to the expectation of our customers.

QUALITY ASSURANCE

Our commitment to the quality ethics and performance of all our instruments is demonstrated by our accreditation to the International quality assurance standards of ISO 9001:2008, ISO 13485:2003, cGMP & CE.

R&D

Our company take R&D as a continuing driving force for the research and development of our Instruments. Our company is well equipped with in-house R&D department, with state of the art machinery, where every piece is put through stringent tests before its final assembling. It provides us ample scope to adapt the needs of our valued clients.

GUARANTEE

Our guarantee is your complete satisfaction.

We take great pride in our reputation for manufacturing "consistent" quality instruments as per our customer's requirements. We offer our customers a complete guarantee when it comes to the workmanship and materials of all our products.

CHILD LABOR POLICY

As good corporate citizens and most importantly as a matter of social responsibility, we are committed to the ideas of protecting children from the exploitations of child labor. We strongly believe that the future growth of children, of their communities and the country as a whole is best served through education, not child labor.

KHATEEM INTERNATIONAL

REPAIR & RESTORATION

We offers complete surgical and dental instruments repair and restoration service, utilized in all kinds of operating procedures at very competitive rates.

Our services include, but are not limited to, complete set restoration, instrument customization, gold plating, laser/chemical etching, coding, final finishing, Re-Polishing and most importantly the functional performance of an instrument and its aesthetic appearance.

OEM MANUFACTURING

We not only manufactures fine quality surgical instruments, but we also provide complete modification and customization of instrument design according to its specific usage. All OEM instruments are carefully hand crafted with details to guarantee quality and exact specifications.

We can work pretty much on anything, from physical samples to hand drawn sketches, high precision 3D CAD models and drawings.

Our experience and knowledge in hand crafting surgical and dental instruments, combined with modern engineering capabilities, allow us to adopt the finest techniques to apply to each product, to accomplish the outcomes our customers require.

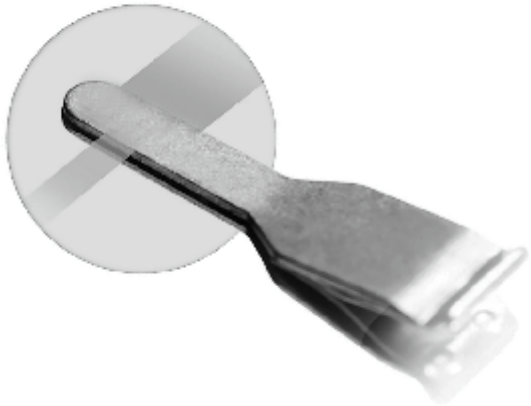
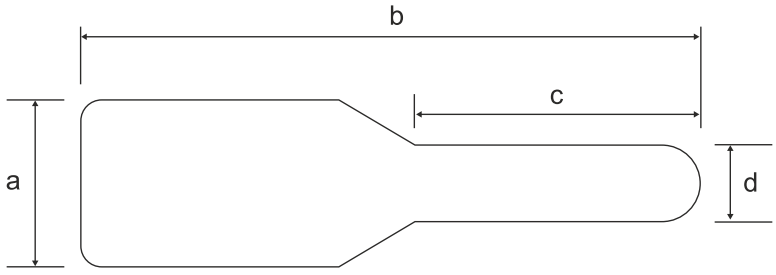
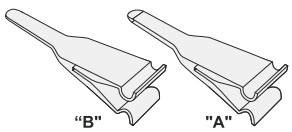
Clamp size	Size range (mm)
A-1	0.4 - 1.0
B-2	0.6 - 1.5
C-3	1.0 - 2.25
D-4	1.5 - 3.5
E-5	2.0 - 5.0



B-Clamps
Dimensions (in mm)



Serial	a	b	c	d
A	2.2	8.0	3.8	1.1
B	3.0	11.3	5.5	1.5
C	3.5	16.6	7.5	1.7
D	4.0	24	10	2.2
E	6.0	36	16	3.0



"A" or "B" Pattern?

Throughout the series, the "B" pattern is the all-purpose clamp, commonly used on all veins, and almost all arteries.
The "A" pattern is designed for exceptionally thick-walled vessels and slippery arteries. The slight incurve of the tips of the "A" pattern jaw provides extra security against slippage.

Fiber Optical
(Pocket Style)

2.5v LED

Modern pocket otoscope compact design. Handy and powerful. Distal Fiber-Optic (F.O.) illumination 4mm bundle with Enhanced LED Technology.

Attachment clip with integrated on/off switch.

Power Supply: 2x AA Batteries (not included in set).
Packing: In Gray or Black pouch with 10 disposable Specula Dia 2.5mm & 4.0 mm
Available Colours: Blue, Green, Brown, Red

KI-244-023

Conventional
(Plastic Head Otoscope)

2.5v LED

Equipped with an easy to use Bayonet connecting system with high quality plastic head. Chrome plated knurled battery handle makes surface, a secure grip in the hand. Extra bright light of 2.5v LED bulb illumination.

3 X High Quality magnifying Lens.

Power Supply: 2x AA Batteries (not included in set).
Packing: In Gray or Black pouch / plastic box with 10 disposable Specula Dia 2.5mm & 4.0 mm

KI-245-024

(Ophthalmoscope)

2.5v LED lamp light for true tissue color and
consistent long lasting illumination 16 color coded lenses - 25 to + 25 for excellent resolution (Red for - Black for +) 4 different apertures (small, large, blue, half moon focus) Rubber eye brow rest to prevent scratching of eye-glasses illumination lens dial for clear identification of adopter setting.

Power Supply: 2 x AA Batteries (not included in set).
Packing: Hard plastic case packing.

KI-245-025

(Ophthalmoscope)

Parker mini Ophthalmoscope with 2.5v LED bulb light for true tissue color and consistent long lasting illumination 24 color coded lenses - 25 to + 40 for excellent resolution (Red for - Green for +) Rubber eye brow rest to prevent scratching of eye-glasses illumination lens dial for clear identification of adopter setting.

Power Supply: 2 x C Batteries (not included in set).
Packing: Hard plastic case packing.

KI-246-026

(Dermatoscope)

Modern Pocket Dermatoscope in a compact design with high-qulaity optics. 10X magnification large, high-resolution image. Choice of two skin-friendly and sterilizable contact plates: with scale from 0 - 10mm for exact measurement of pigmented skin lesions, without scale. Simple lamp change on the underside of the instruments head. Enhanced LED Technology for more light. Attachment clip with integrated On/Off switch. High-quality 2 color handle.

Power Supply: 2 x AA Batteries (not included in set).
Packing: Hard plastic case packing.

KI-246-027

(Dermatoscope)

Bayonet locking system for easy engagement and disengagement from the handle. 2.5v LED illumination of the examination field. High resolution achromatic lenses system with 10x magnification. Adjustable focusing Eyepiece for a large correction range. Lens without scale. Soft eyepiece protection.

Available in Polish and Sand finish.

Power Supply: 2 x C Batteries (not included in set).
Packing: Hard plastic case packing.

KI-247-028

Fiber Optic

(ENT DIAGNOSTIC SET LARGE)

An ENT diagnostic set consists of different ENT tools that are used in the examination of the ears, nose and throat. Our Fiber Optic Diagnostic Set consists of following.
Handle for Otoscope and Ophthalmoscope with Bayonet Connection System.
2.5 V Led Otoscope Head.
1 Ophthalmoscope, 3 Reusable ear specula, 1 Curved Illuminator
2 Laryngeal Mirrors, 1 Tongue Depressor Support for disposable tongue depressor, 1 adjustable nasal speculum fitting., 20 pcs (2.5mm & 4.0mm, 10 each) of mini specula packed in transparent bottle. 2 spare LED bulb

Power Supply: 2 x C Batteries (not included in set).
Packing: Light weight zipper case.

KI-247-029

Flexible Tip Fiber Optic (F.O.) Laryngoscope Blade

FIBER OPTIC LIGHT

This Flexible Tip Blade is a Macintosh Laryngoscope Blade with a tip which is adjustable through 90°. A lever controls the tip angle during intubation to lift the epiglottis, giving a clear view of the vocal cords. 5000 individual micro-fibers in 3 mm Fiber Optic tube improved light transmission and longer life.

- Outstanding light intensity with LED illumination through extra strong fiber bundle.
- Swiveling blade tip facilitates difficult intubation.
- Reduced likelihood of damage to teeth and soft tissues.
- Reduce the force required to visualize the Larynx.
- 303/304 type high grade Stainless Steel with Satin Finish.
- Fully autoclavable and easier to clean.
- Fiber Optic handle Requires 2 X C size batteries.
- According to ISO 7376 Standard.

MEGA LIGHT

Macintosh Mega Light Laryngoscope blade with 4 x 6 mm and up to 6500 individual micro-fibers for improved light transmission and longer life.

:- 303/304 type high grade Stainless Steel with Satin Finish.
:- Smooth shape avoids sharp edges and cavities for easy cleaning and sterilizing.
:- Integrated Fiber Optics for the best possible illumination.
:- Compatible with all standard Fiber Optic handles.
:- Fully autoclavable and easier to clean.
:- Fiber Optic handle with LED light.
:- According to ISO 7376 standard.

Power Source

:- All our Fiber Optic handles are powered by
Standard battery handle: 2 " C " size
Pediatric battery handle: 2 " AA " size
Stubby battery handle: 2 " AA " size
